# How to prepare for interview

ಪದ್ಮ ವೈ.ಆರ್.  
ಪ್ರಥಮ ಬಿ.ಎ.

ತಾಯಿ ಹಾಡಿದ ಜೋಗುಳದ ಗೀತೆ  
ತಾಯಿ ರೀತಿಯು ಮುಗಿಯದ ಕವಿತೆ  
ತಾಯಿಯದ್ದು ಕರುಳ ಬಂಧದ ಮಮತೆ  
ಕಷ್ಟವೇ ಬಂದರೂ ಸುಖವೇ ಇದ್ದರೂ  
ನಿನ್ನೊಂದಿಗಿರುವಳು ನೆರಳಿನಂತೆ  
ನೀ ಓಡಿದರು ನೀ ನಡೆದರು  
ನಿನ್ನ ಹಿಂದೆಯೇ ಬರುವಳು ಹೆಜ್ಜೆ ಗುರುತಿನಂತೆ  
ಹುಟ್ಟು ಸಾಯುವತನಕ  
ಗುರಿಮುಟ್ಟುವ ತನಕ  
ಆದರೆ  
ನಮ್ಮ ಜೀವನದಲ್ಲಿ ಬದಲಾಗದೇ  
ಇರುವ ಆಸ್ತಿ ಅಂದರೆ  
ನಮ್ಮ ತಂದೆ-ತಾಯಿ ಮಾತ್ರ  
ನೀನು ನನ್ನ ಜೀವಕ್ಕೆ ಉಸಿರು  
ಕೊಟ್ಟ ದೇವತೆ  
ನನಗೆ ಪ್ರೀತಿ ಸಹನೆಯಿಂದ  
ಬದುಕಿನ ಪಾಠ ಕಲಿಸಿದ ಮಾತೆ  
ಜಗತ್ತಿನಲ್ಲಿ ಬೇರೆ ಯಾರು  
ಕೊಡಲಾರರು ತಾಯಿಯ ಮಮತೆ  
ನೀ ಸದಾ ನಗುತ್ತಿದ್ದರೆ ಬರಲಾರದು  
ನನಗೆ ಯಾವುದೇ ಕೊರತೆ  
ಅಮ್ಮ ನಿನ್ನ ಪಾದಕೆ ಸಮರ್ಪಿಸುವೆ  
ಈ ನನ್ನ ಪುಟ್ಟ ಕವಿತೆ

## Try It!

Start a new document on your computer in Word or Google Docs. Title it "Job Interview Prep - Company Name." Add to this document as you read each section below.

## Employer Information

Interviewers like candidates who are interested in their organization, not just any job. Spend an hour reading the company website and take notes. Find and add to your document: Mission, vision, and values, Hiring process, Benefits.

## Annotate The Job Description

Review the responsibilities and qualifications in the job description. Compare them to your own skills and experiences. Copy the job description to your document for easy reference, then add related comments and questions. Write down for each: Your related experience, Gaps in your experience, Clarifying questions for the interviewer.

## Answers To Common Questions

After a detailed review of the job description and your notes, prepare possible answers to common interview questions. **Try It!** Use your notes and the STAR technique (Situation, Task, Action, Results) to write at least 5 stories from your experience related to the job description. **Practice :** Write down your answers and practice them out loud. This will help you remember them and pick the most relevant experience to share during the interview.

## Questions For The Interviewer

Remember: You are interviewing the company too. Ask questions to learn more about the job and the company. This will help you figure out if it's a good fit for you. Collect questions from your notes. Group related questions. Prioritize questions per interview phase

## Take Action

Now that your research and preparation is done, you are ready to approach your interview with confidence.

# Importance of Education

**Ramya G.**  
3rd B.Com

Education is an important issue in one's life. It is the key to success in the future and to have many opportunities in our life. Education has many advantages for people. For instance it illuminates a person's mind and thinking. It helps students to plan for works or pursue a higher education. Overall, it helps people think, feel and improve not only their personal satisfaction but also their community. In addition, education develops human personality, thoughts, dealing with others and prepares people for life experiences. It makes people have a special status in their own society and everywhere they live in. I believe that everyone is entitled to have education 'from cradle to grave'. There are various benefits of having education such as having a good career, good status in society and self confidence.

Education gives us the chance of having a good career in life. It offers plenty of chances to work at any work place if we wish. In other words, opportunities for a better employment are more. The highly educated we are, the better chance we get. Moreover, education polishes our mind, reinforces our thoughts and strengthens our character and behaviours towards others. It equips us with information in various fields in general and our specialisation in

particular, especially what we need to master in our job career. Therefore, without education we may neither be able to live comfortably nor have a decent profession.

Being educated is undoubtedly being self-confident and successful in life. All in all, education is the process of acquiring knowledge. Education tends to be the backbone of any real success.

# Healthy Lifestyle

A healthy lifestyle is a way of living that keeps a person happy with healthy body and good mental status. It is an ultimate gift from nature that helps us to lead a good life. # Nothing is impossible – itself is saying I'm possible

**Pavan Kumar K.**

3rd B.Com

Everyday people come across a very strong negative feeling of not finding themselves capable to do some tasks. The feeling does not arise because they suffer from mutual negativity and low esteem. A person can perform any work and can transform the impossible to possible. But what is required is self confidence and a will to succeed. If researchers and scientists think that completing a project is not possible, then they make no attempt how will they succeed? How will we get inventions?

Someone has said 'try, try and try till you succeed'. Put your best effort and be assured of yourself, then you can do anything in this world. We find incapable of doing the work which is done by someone else why? Are we not living on the same planet and on the same land? If something is not going as planned, people blame it on fate. Why? They forget that a human's fate is created by his or her work. They don't know the key to

success. Until and unless you try how can anyone succeed? Shake up your mentality, utilize your ability and courage and correct everything that you thought impossible to possible.

**"Passing the exams is a simple two-step process: believe in yourself and back it up with hard work."**

# Positive attitude

**Pooja Shree R.**  
2nd B.Com

An international speaker Zigzigan says 'positive attitude will let us do everything better than negative attitude'.

I believe in positivity and spreading positive vibes. One positive thought can change our whole day and make us feel better. Being positive and having a positive attitude is not an overnight process. Being positive means to think right and see the brighter side of any situation.

To be more clear, to have a positive attitude does not mean we do not notice the bad things in life. It means we should try to find a solution in a productive way instead of bushing/worrying about it.

Negativity makes a person suffer from anxiety, stress and makes them have low self esteem. Likewise, positivity/ positive approach helps us to stay healthy and be more focused on life.

It also gives us more confidence. It boosts our self esteem and helps in becoming more confident and self assured.

To be positive, we need to keep confident, be grateful for what we have in life and be positive on what we need in life. Though we face many challenges and hurdles, we should not let negativity choose us.

Let's choose to be optimistic, it makes our life better. Positive attitude helps in visualising our dreams and getting the right path to activate them fast.

There is a saying "what we seek will seek us!". It means what we think will happen. So it is very important to be mindful about our thoughts. Our sub consciousness will be seeking all our talks hence positive talk and positive approach will help us to lead the best life.

## **Conclusion:**

Building a positive attitude begins with having confidence in ourselves. Be positive and spread positivity.

# The power of your subconscious mind

**Navyashree M.**

How to get the results you want? Easy does it.

A homeowner whose furnace broke: down during a bitter cold snap called a repairman. The repairman came at once. Within half an hour, the furnace was working again. The repairman then gave the homeowner a bill for \$200. "What! the outraged home owner exclaimed. 'It took you no time at all. All you did was replace one small part. How can you ever charge me \$200 for a little gizmo that can't be worth more than five dollars?.

The repairman shrugged. "I charged you only two dollars for the broken part". He said

that's what I had to pay for it. The homeowner waived the bill in his face. "Two dollars," he yelled. This is \$200. That's right, the repairman said. The other \$198 dollars for knowing what was wrong and how to fix it.

Your subconscious mind is the master mechanic, the all wise one. It knows the ways and means of healing any organ of your body. Decree health, and your subconscious will establish it, but retardation is the key. Easy does it.
